Tightly closed. Dry. Temperature +2 to + 15 °C (39° - 59°F).

Keep out of reach of children.

8. Exposure controls and personal protection

Personal protective equipment:

Respiratory protection: not required

Eye protection not required

Hand protection not required

General protection:

Normal protection requirements using medical products. Under no circumstances eat or drink at workplace. Wash hands after working.

9. Physical and chemical properties

Form:		liquid
Colour:		colourless
Odour:		specific
pH value:		7,02 – 7,20
Ignition temperature		not available
Flash point		not available
Explosion limits	lower	not available
	upper	not available

10. Stability and reactivity

Conditions/substances to be avoided: storage above storage temperatures.

Hazardous decomposition products: data not available.

11. Toxicological information

Data not available.

12. Ecological information

Not available.

13. Disposable considerations

Product:

There are no harmonised regulations on the disposal of chemicals in the member states of the EU. In Germany, the Recycling and Waste Management Act (KrW-/AbfG) stipulates recycling as a requirement. This means that a distinction must be made between "wastes for recycling" and "wastes for disposal". Particular aspects - in the main concerning delivery - are also governed by the Laender. Please contact the competent body (authority or waste disposal company) where you will obtain information on recycling or disposal.

Packaging:

Disposal in compliance with official regulations. Handle contaminated packaging in the same way as the substance itself. If not officially specified differently, noncontaminated packaging may be treated like household waste or recycled.

14. Transport information

Not subject to transport regulations.

15. Regulatory information

Not subject to dangerous goods regulations.

16. Other information

The information contained herein is based on the present state of our knowledge. It characterizes the product with regard to the appropriate safety precautions. It does not represent a guarantee of the properties of the product. Recipients of our product must take responsibility for observing existing laws and regulations.
